

houses on the Pacific coast extinguished to embarrass navigation, and that American telegrams and mails to and from Mexican Pacific ports could not be transmitted.

Representative Dies, in the House, today advocated the disarming of the "ignominious murderers" of Mexico and placing in their hands the "implements of husbandry." He prophesied that if President Wilson ever closed down his "square jaws on the Mexican situation, he will have to blunder several times before he lets go."

## REBELS WILL ATTEMPT TO CAPTURE TAMPICO

Preparing to Make Desperate Effort to Take City—Insurgent American G. Levee.

Washington, May 9.—At 1:45 o'clock this morning, Acting Secretary of the Navy Roosevelt instructed Rear-Admiral Mayo to remove all Americans from Tampico and vicinity because of the danger from the impending attack on the city by Constitutionalists. The admiral was ordered to advise the American consular force at Tampico to cooperate with him.

Rebels Preparing to Attack. Washington, May 9.—Rear-Admiral Mayo, at Tampico, reported late tonight that the Constitutionalists were preparing to make a desperate effort to capture that port immediately from the Mexican Federal troops.

Admiral Mayo said he was in receipt of reliable information that the Constitutionalists were ready to bombard Tampico as soon as their artillery is placed in position, and that it was reported the rebel forces numbered more than 5,000 men.

The admiral said the rebel leaders had requested all American citizens to be removed immediately from Tampico, the Constitutionalists basing their request on the fear that Americans in the city would be in danger of maltreatment by the Federalists.

Every effort to protect foreign property is said to have been made by the Constitutionalists.

The admiral further announced he was informed that Federal General Calles had published in bulletin form the entire correspondence between the American officers and the Federalists regarding the protection of foreign property, and exhorted his troops to use care to prevent all possible injury to any such property.

## Fighting Continues at Mazatlan.

Special to The Times-Dispatch. Washington, May 9.—The following telegram was received at the Navy Department today from Admiral Howard on the west coast of Mexico:

"Mazatlan still fighting still continues between Federalists and Constitutionalists. Will keep you fully advised."

He reports that General Obregon, Constitutional commander, has expressed his regret at the injury to non-combatants that resulted from the dropping of two bombs from the Constitutional aeroplane that flew over the city.

## WOUNDED MEN AT KEY WEST

Forty-Five Sailors and Marines Arrive on Hospital Ship.

Key West, Fla., May 9.—Forty-five United States sailors and marines, wounded in connection with the occupation of Vera Cruz by the American forces, arrived here today on the hospital ship Solace. The Solace will proceed on its way to New York tomorrow, after taking on a supply of coal and provisions.

All of the wounded are convalescing, and exhibited unusual cheerfulness. Three lost a leg each and one an arm in the fighting. Some of the others, it is thought, will be maimed as a result of injuries.

Captain Hayden, of the local naval station, together with the marine band and other local forces, visited the Solace. Addresses were made by Captain Hayden and Mayor Fogarty praising the sailors and marines for their work at Vera Cruz, and the marine band gave a concert.

The information was conveyed to Secretary Hay by Ambassador Jusserot, of France. General Huerta's Minister of War also informed the French charge in Mexico City that the American consul, Silliman, was guarded by Federal forces, and that neither Mr. Silliman nor other Americans were under threat.

## Courtesy

**B**ELIEVING that this store may well set the standard of deportment and courtesy for employes toward customers and among themselves, we are constantly reminding our people of this duty. To this end we have but recently had printed a card for distribution, which we reproduce herewith.

### To Our Employes:

Courtesy is a coin of which we cannot have too much, nor can we ever be stingy with it.

Court manners in olden times set the standard for the world. It is fair to expect this store to at least try to set the model of deportment and courtesy for the stores of this community.

The people who are considerate enough to visit this store have every right to expect ready, cheerful and intelligent attention.

Courtesy is the minute hand of the all-day clock of this store.

To be at your best, be well, polite and a good listener.

When you speak, use a few words, and drop them gently and distinctly.

Give information, but do not argue.

A courteously soft answer is a conducting rod to carry off the lightning of hasty words.

The clothing we sell comports well with our methods and facilities.

## On His Way to New Orleans

DR. EDWARD W. RYAN

### DR. RYAN ON STEAMSHIP WITH OTHER REFUGEES

Leaves Puerto, Mexico, for American Port—Consul Silliman on Board.

Washington, May 9.—All safe and well, and a wireless message received at the State Department today from Dr. Edward Ryan, aboard the steamship Esperanza, which left Puerto Mexico today for New Orleans with about 600 refugees from Mexico City.

The refugees reached Puerto Mexico yesterday, in charge of the Brazilian consul, Consul W. L. Bonney, and four Americans from San Luis Potosi also aboard the Esperanza. Consul Leo Pines, who left Frontera and arrived at New Orleans with a number of British and American refugees from the State of Tabasco, reported to the department that fourteen Americans had decided to remain in Tabasco with their property. The consul said that unless otherwise ordered, he would go to New York for a few days before reporting at Washington.

The department ascertained that Consul Silliman, at La Paz, is on board the destroyer Frobie, which is proceeding to San Diego, Cal.

Three Delegates to Represent Huerta in Mexico City, May 9.—Senator Emilio Rabasa, Augustine Rodriguez and Luis Eguerra, the three delegates who are to represent Huerta at the mediation conference, left here today for Niagara Falls by way of Vera Cruz.

Sir Lionel Carden, the British minister, today again advised British subjects to leave the capital. There are about 600 American citizens now left in Mexico City.

Widespread Ill Health Caused by the Kidneys

Of all the ills humanity is heir to, nothing is more to be feared than those caused by kidney poisoning, because such ailments invariably come on so stealthily that you are seldom aware of their presence until they have actually spread dangerous diseases throughout the body. There are, however, certain signs by which you can tell whether your kidneys are properly filtering your blood.

If you arise in the morning with dull, aching pains in the back and feel as if your night's rest had not refreshed you; if you are weak, depressed, nervous or irritable; if your head aches, spots appear before your eyes, if your appetite is poor, your complexion sallow; if you have indigestion, biliousness, rheumatic pains and have lost flesh rapidly, you may be sure kidney poisons exist in your blood, and you cannot possibly get well until they are removed. Warner's Safe Kidney and Liver Remedy has a steady, persistent restoring action on the kidneys that brings perceptible relief almost immediately. It is recognized by many physicians as one of the most dependable medicines in the treatment of kidney and liver diseases. It contains no harmful ingredients. Try it and you'll get well. At all druggists in 50c and \$1.00 sizes. Free sample and advice if you write Warner's Safe Remedies Co., Dept. 285, Rochester, N. Y.—Advertisement.

## RICHARD HARDING DAVIS ARRESTED IN MEXICO CITY

Medill McCormick Also in Custody. State Departments Make Representations for Their Release.

New York, May 9.—Richard Harding Davis, author and war correspondent, who was sent by the New York Tribune to Mexico as its correspondent, is under arrest in Mexico City, according to a dispatch published in the Tribune today.

Medill McCormick, of Chicago, also is under arrest in Mexico City, according to the same dispatch. The message says Brigadier-General Funston at Vera Cruz has received no information that the two correspondents have been taken into custody.

The Tribune adds that the State Department at Washington has intervened to have representations made to General Huerta for the prompt release of Mr. Davis.

Unofficial Reports. May 9.—Unofficial reports reaching Secretary Bryan tonight that Richard Harding Davis and Medill McCormick, American newspaper writers, were under arrest at Mexico City caused the secretary to ask for an inquiry through the Brazilian ambassador. No official news of the reported arrests has reached the State Department.

The memorandum, briefly says that the necessity for these things and estimates could not have been foreseen when previous estimates were submitted. Congress was asked to make the appropriation immediately.

The largest item is \$1,453,074 for transportation of the troops, in addition to \$446,371 estimated March 17.

## THORNTON CHANGES POSITION

Louisiana Senator Will Vote to Repeal Tolls Exemption Law.

Washington, May 9.—Convinced that his position on the Panama tolls question in 1912 was wrong, Senator Thornton, of Louisiana, today told the Senate why he would now vote to repeal the law he voted to enact two years ago.

He said the statement of the President to him in a personal letter, and the subsequent message to Congress, in which he stated that the existence of the exemption law embarrassed him in conducting the foreign relations of the United States, was sufficient to cause him to vote for the repeal. The report of the House Committee on Merchant Marine, he added, has convinced him that free tolls injured to the benefit of a coastwise shipping monopoly.

Senator Thornton said that there was a stronger sentiment in Louisiana for free tolls than in any other Southern State, due to the extraordinary efforts of the New Orleans Association of Commerce, but that the repeal sentiment in the State was growing steadily stronger.

The Senator announced that he would soon retire to private life, but added that if he wished to be a candidate for any office before the people of Louisiana, he would not wish to go before them on any better issue than the repeal measure.

Lehigh Trims Carlisle. South Bethlehem, Pa., May 9.—Lehigh triumphed over the Carlisle Indians in a brilliantly played but at times very rough lacrosse engagement today 7 to 2. The Carlisle Indians showed their best form in the first period, especially the defense. It ended 3 to 2 in Lehigh's favor.

Pennsylvania Lends Dartmouth. Philadelphia, May 9.—The University of Pennsylvania truck team defeated Dartmouth today in their annual meet 67½ points to 49½, but Pennsylvania paid a heavy penalty because Donald Lippincott, the intercollegiate 220-yard champion and sharer in the world's record, was seriously hurt. He pulled a tendon in the 100-yard dash.

National Mothers' Day. Washington, May 9.—After the second Sunday of May will be National Mothers' Day. The Senate today agreed to the House resolution, requesting the President to issue a proclamation naming next Sunday as Mothers' Day, and designating as Mothers' Day in the coming years the second Sunday in May.

On Visit to London. London, May 9.—King Christian X. and Queen Alexandra, of Denmark, arrived here today on their first visit since their accession to the throne. They will be the guests of King George and Queen Mary for four days.

ARE WRINKLES MORE COMMON?

Because life is more complex—Because women are interested in so many more things than they used to be—Because dividing a day among household duties, politics, clubs, charities, society, business and personal care is a strenuous thing—and strenuous life makes marks upon the face, the woman of today who wants to look right has long since started to aid Nature in its uneven fight, and many of the wisest and busiest have decided upon this economical vegetable jelly cream as the simplest wrinkle remover and skin stimulator. It protects the surface of the skin and brings the blood to the surface where it performs its up-building work. Just get from your druggist an ounce of almonin, put it into a fruit jar and add half a pint of water and two tablespoonfuls of glycerine. Let this mixture stand for several hours, stirring occasionally during this time. Before retiring apply rather thickly over wrinkled or flabby surface and allow it to dry. It will harden rapidly and, when applied, you will note a slight tightening of the skin. In the morning remove with hot water and note the immediate effect.—Advertisement.
